Objective: Interested in the position of a Senior Dentist dental clinic/ Hospital or reputed, where I can implement my expertise and experience and enhance my knowledge in the dental field.

Experience: GPL Dental Clinic New York
Senior Dentist 2009 to Present

- Performed oral surgeries like teeth extraction, torus palatinus and torus mandibularis
- Treated patients with jaw fractures and pre-malignant lesions
- Carried out specialized research on dental care and services
- Carried out training sessions for dental interns
- Performed comprehensive orthodontic services
- Responsible for treating abnormalities of periodontal structures of jaw
- Assigned the tasks of creating awareness on dental care to the public with the help of National Health Services
- Treated patients with gum diseases and restored decayed teeth
- Participated in specified dental care promotion and prevention programs
- Provided dental procedures like posterior composites and esthetic anterior as well as rotary fillings
- Wrote prescriptions for antibiotics and other medications.
- Filled pulp chamber and canal with endodontic materials.
- Examined teeth, gums and related tissues, using dental instruments, x-rays, and other diagnostic equipment, to evaluate dental health, diagnose diseases and abnormalities, and plan appropriate treatments.
- Diagnosed and treated diseases, injuries, and malformations of teeth, gums and related oral structures, and provided preventive and corrective services.
- Designed, made, and fitted prosthodontic appliances such as space maintainers, bridges, and dentures, and wrote fabrication instructions and prescriptions for denturists and dental technicians.
- Formulated plan of treatment for patient's teeth and mouth tissue.
- Advised and instructed patients regarding preventive dental care, the causes and treatment of dental problems, and oral health care services.
- Analyzed and evaluated dental needs to determine changes and trends in patterns of dental disease.
