Objective: Interested in applying for the position of a Tooth Clerk in a reputed Dental Clinic/ Dental Health Center.

Experience: GPL Dental Health Center New York
Tooth Clerk 2008 to Present

- Selected false teeth used to make dental plates.
- Selected teeth of color specified and according to shape of jaw.
- Matched teeth with teeth of mold made by dentist for the assembly of dentures.
- Tested appliances for conformance to specifications and accuracy of occlusion, using articulators and micrometers.
- Fabricated, altered and repaired dental devices such as dentures, crowns, bridges, inlays and appliances for straightening teeth.
- Built and shaped wax teeth, using small hand instruments and information from observations and dentists' specifications.
- Applied porcelain paste and waxed over prosthesis frameworks and setups, using brushes and spatulas.
- Filled chipped and low spots in surfaces of devices, using acrylic resins.
- Rebuilt and replaced linings, wire sections and missing teeth in order to repair dentures.
