Testimonials

My volunteers had nothing but praise for her and her care of the patients... I was impressed by
her sensitivity the quality of work she showed.

Mike Alvarez, Director of Child

Dane was a godsend to us, both in the comfort she provided to overly concerned parents as well
as in the care and sensitivity she showed to our infant son... she displayed such professionalism
and went so beyond the expected that we felt compelled to make sure her supervisors were
aware of her job performance.

John and Melinda
