Objective: Dental Hygienist in a reputed clinic or hospital

Highlights:

- Increased percentage of new patients by conducting dental health clinics for community groups.
- Received excellent performance evaluations.
- Made recommendations for improvements in patient satisfaction.
- Maintained excellent rapport with patients, dentist and community organizations.

Experience:

Erickson and Henry Dental, Inc.

Redmond, WA

Dental Hygienist

April 2004 to Present

- Felt and examined gums for sores and signs of disease.
- Felt lymph nodes under patient chin in order to detect swelling and tenderness that could indicate presence of oral cancer.
- Cleaned calcareous deposits, accretions and stains from teeth and beneath margins of gums.
- Applied fluorides and other cavity preventing agents to arrest tooth decay.
- Charted conditions of decay and disease for diagnosis and treatment by dentist.
- Exposed and developed x-ray film.
- Educated patients in proper toothbrushing, flossing and diet.
- Provided clinical services and health education to improve and maintain oral health of school children.

Pamela Martin, D.M.D.

Redmond, WA

Secretary

June 2002 to March 2004
