Objective: An interesting position as a Cost Accountant with a reputed Accountancy firm, where I would have the opportunity of enhancing my accountancy skills, while putting to practice the knowledge gained.

Experience: Ramirez Accountancy Services New York
Cost Accountant 2007 to Present

- Applied principles of cost accounting to conduct studies which provided detailed cost information not supplied by general accounting systems.
- Planned study and collected data to determine costs of business activity, such as raw material purchases, inventory and labor.
- Analyzed data obtained and recorded results.
- Analyzed changes in product design, raw materials, manufacturing methods and services provided, to determine effects on costs.
- Analyzed actual manufacturing costs and prepared periodic report comparing standard costs to actual production costs.
- Provided management with reports specifying and comparing factors affecting prices, profitability of products and services.
- Developed and installed manual and computer-based cost accounting system.
- Evaluated and researched costs and prepared periodic reports comparing standard costs to actual production costs for clients.
- Analyzed data obtained and recorded results for clients.
- Studied and collected information to determine standard and actual costs of manufacturing including raw material purchases, inventory, and labor.

Ramirez Accounting Services New York
